Cap Rocat’s main restaurant is located in one of the former central buildings. The cuisine is based on Mediterranean dishes that change according to the season and use products sourced from local ecological farms.

Sea Club

Located on the waterfront, in the spectacular “Cala de la Reina”, the Sea Club is an open-air restaurant which offers dishes cooked in a traditional Mallorcan firewood oven and grill.

The Former Fortress Kitchen.

The Fortress’ former kitchen, in typical Mallorcan style, has been refurbished to offer a private dining room, where wine tastings and cooking classes will be organized.

The Special Moments

Food, understood as a simple luxury, is an integral part of Cap Rocat’s daily life, from breakfast, which can be served in the private patio of the suites, to an intimate private dinner, which can be served in one of many areas that are set up daily in and around Cap Rocat.

Swimming Pool and The Sea

The Sea

The sea, and the different swimming areas which have been set up around the former pier, are all part now of a natural reserve, and they are exceptional spots to enjoy the fantastic and crystal clear Mediterranean sea.

The Fortress Swimming Pool

The spectacular infinity swimming pool with salt water is located on one of the walls of the former fortress. The water blends in with the sea and the sky, on a spectacular spot, with views over the whole bay of Palma.

Function Rooms & Especial Events

The Fortress Hall and The Arched Ballroom

Cap Rocat offers function rooms for the organization of private meetings, and an area for events that can seat up to 250 persons.

The Terrace

The Bunker

The former gunpowder depot, excavated into the rock, is transformed into a magical place at night for special events, where guests of the event can enjoy a cocktail and music without disturbing the privacy and calm of the hotel.
